Kelli

Please follow up with Jen directly. You can tell her that I raised the question.

Donna

If you don't agree and need to say something then please say it came up in the context of the loan question.

DC,

Are you aware that Jen told Mike G that we would do the MCPP Brazilian board docs because they can't afford to have their lawyers prepare them in Brazil? She told me to prepare the docs the same way we do here but to substitute the words Supervisory Board for Members of the Board and Quotaholders for Shareholders (we don't need any shareholder doc's this time anyway? Mike and Michelle mentioned a loan that had been previously approved by the "board" and whether it should be reported on in this meeting I said that if the board had already approved it then it shouldn't be?

Just checking to see if you knew?

Def 001169

This is the min. draft
